"SUCCESS is just another name for service."

And the success of The Barrett Company—its many years of unchallenged leadership in the roofing field—is the result of the economical service that users have always received from Barrett products.

This characteristic of economical service is well exemplified in Barrett Multi-Shingles.

On the roof, Multi-Shingles look exactly like individual shingles, but as they come four shingles to a strip they cost far less to lay. Their rich colored mineral service, in fadeless dark red or green, needs no painting, adds distinction to even the finest home and at the same time affords a high degree of fire protection.

With all these advantages, Barrett Multi-Shingles are wonderfully durable and extremely moderate in cost.

Other popular Barrett products include metal protective paints, roofing cements, shingle stain oil, fly spray and wood preservative.

REPUTATION

The greatest and best asset a firm or individual can possess is reputation.

It is better than capital because it is the creator of capital. It embodies character, honesty, truth, fair dealing, and a fulfillment of promises.

With such attributes, any firm or individual is reasonably bound to succeed and prosper, without them they may achieve a temporary success, but it will be short lived. Reputation alone sustains a firm, and individual or a product.
